FREE Hands-Only CPR Training

June 1-7 is National CPR and AED Awareness Week

We're pleased to support the American Heart Association and its important mission to increase survival from cardiac arrest. We're asking the members of the Chesterfield Pickleball community to please join us on June 6th to learn the lifesaving skills of hands-only CPR and AED use. Chesterfield County has invested in placing AEDs throughout county facilities, so come learn how easy they are to use. The life they save could be yours or your family or friends.
